

EVAP-GARD (AEG)

Coil & Drain Pan Disinfectant

ACE EVAP-GARD (AEG) is a one-step hospital grade disinfectant, mildewstat, deodorizer and cleaner that is specifically registered with the EPA for use on coils and in drain pans of air-conditioning/refrigeration equipment and heat pumps to kill odor-causing micro-organisms and to inhibit the growth of mold and mildew. For use on cooling coils and drain pans, grills, registers, vents, and other hard, inanimate surfaces.

FEATURES & BENEFITS

- Use to inhibit the growth of unsightly mold and mildew.
- Eliminates odors by killing odor-causing bacteria.
- Fast acting and cost-effective.
- Simple to Use.

DIRECTIONS for USE: To control mold/mildew, spray 6-8 inches from surface, until surfaces are thoroughly wet. Leave wet for 10 minutes then wipe dry with clean cloth. Remove actual growth. Repeat every 7 days or more often if new growth appears. **NOTE:** It is important to remove the treated mold growth after application of **ACE EVAP-GARD (AEG)**. Mold growth can still emit harmful spores if not physically removed after treatment. **NOTE: ACE EVAP-GARD (AEG)** must not be "fogged" into HVAC duct systems - consult your ACE representative for ACE products suitable for that application. Effective against SARS, Norwalk Virus etc.

SAFETY: If in eyes, flush with water for 15 minutes. Seek IMMEDIATE medical help. If ingested, call Poison Control Center. Wash hands thoroughly after use.

CAUTION: Contains quaternary ammonium compounds. Contact local EPA office for disposal requirements. **KEEP out of reach of CHILDREN.**

PHYSICAL PROPERTIES

APPEARANCE	Clear Liquid
COLOR	Clear
ODOR	N/A
pH	12.00-12.60
SPECIFIC GRAVITY	0.99-1.01
PACKAGING	12x32-oz bottles/case 4x1 gallon bottles/case 5-gallon pail

Atlantic Chemical & Equipment Company
3471 Atlanta Ind Pkwy Ste 200 Atlanta GA 30331
