

ANTI-FOAM (AF) Silicone-Based Defoamer

ACE ANTI-FOAM (AF) is a concentrated blend of water-based silicone, preservatives and foam suppressing agents formulated to combat specific foam-creating chemicals. **ACE ANTI-FOAM (AF)** is designed to control excessive foaming in open or closed recirculating water systems during scale-removing applications.

FEATURES & BENEFITS

- Ready-to-use formula ... no mixing required.
- Easy to-use - "knocks down" foam immediately.

DIRECTIONS for USE: Add 1 cap of **ACE ANTI-FOAM (AF)** at a time to the system until all excessive foaming is controlled.

SAFETY: In the event of skin contact, IMMEDIATELY flush area with soap and water for at least 15 minutes. For eye contact, flush eyes with clean water for at least 15 minutes. Seek IMMEDIATE medical attention from an eye specialist. If ingested, drink water and seek IMMEDIATE medical help.

CAUTION: Non-Hazardous. Wash hands after use. Keep out of reach of children.

PHYSICAL PROPERTIES

APPEARANCE	Cloudy Liquid
COLOR	Milky
ODOR	None
pH	9.0-9.5
SPECIFIC GRAVITY	1.02
PACKAGING	12x16oz bottles per case 4x1 gallon bottles per case
