WASP & HORNET SPRAY (WHA)

Fast Knockdown Aerosol

ACE WASP AND HORNET SPRAY (WHA) is EPA Registered, (7754-44-7909), Tetramethrin aerosol insecticide with a unique propellant and aerosol valve system that shoots a stream 20 Foot. The unique propellant and valve system allows the product to be sprayed at the same pressure throughout the life of the can.

FEATURES & BENEFITS

- Super high pressure - projects, non-flammable 20-foot spray.
- Consistent spray - sprays at same pressure throughout life of can.
- Rapid knockdown and kill of wasps, yellow jackets and hornets
- Dielectric Breakdown Voltage: 57.2 KV by ASTM Test Method D-877-87
- Reaches nests more than 20 feet above ground

DIRECTIONS for USE: The best time to spray the nest is in the early morning or early evening when the air temperature is cooler, most insects are in the nest, and little activity is observed around the nest opening. Spray only if the air is still. Stand at a safe distance from the nest. Do not stand directly under the nest. Hold container upright at arm's length and point the actuator at the nest. First spray the opening of the nest. Then spray the rest of the nest until it is saturated. Treated insects may fall out of the nest and die. Any insects returning to the nest after treatment will be killed. Wait 48 hours before removing the nest. Hose off foliage of desirable plants contacted with spray.

SAFETY: If swallowed immediately call a poison control center or doctor for treatment advice. Do not give any liquid to the person; do NOT induce vomiting unless told to do so by a medical professional. For skin/eye contact, flush with clean water for 15-20 minutes. Remove clothing and contacts if present. If irritation persists, seek IMMEDIATE medical help..

CAUTION: Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco or using the toilet. Do not breathe vapors. Do not use near food or pets. Toxic to fish. **KEEP OUT OF THE REACH OF CHILDREN.**

PHYSICAL PROPERTIES

APPEARANCE	Oily Liquid
COLOR FLASH	Transparent
POINT	~100°F
PROPELLANT	1,1,1,2-Tetrafluorethane
SPECIFIC GRAVITY	0.826
PACKAGING	6x20-oz (14oz net)/case
