POWER CLEAN (APC)
Non-Rinse Aerosol Evaporator Cleaner

ACE POWER CLEAN (APC) is a powerful, NSF Registered portable, biodegradable, non-acid, non-fragranced foaming coil cleaner that penetrates deep into air conditioning and heating coils to loosen and remove grease, dirt, lint and grime.

ACE POWER CLEAN (APC) is formulated to produce a thick clinging foam which will force oil, grease and other contaminants to the coil surfaces.

FEATURES/BENEFITS

- No-Rinse Formula can be left on evaporator coil when there is sufficient condensate water running to wash surface clean.
- Ideal for hard-to-reach places such as microchannel, wall and window air conditioners, refrigerators, ice machines, freezers, etc.
- Registered with NSF for Use In and Around Food Processing Areas. Remove food products before use ... and rinse food prep surfaces after cleaning

DIRECTIONS for USE: Protect all electrical equipment and parts with plastic wrap. Shake well and spray area with penetrating foam. Foam breakdown and dirt absorption indicates when area is ready to be flushed. When used on evaporator coils, product may be left on coil surface to "self-rinse" with condensate water. For condenser coil cleaning, flush with clean water before returning unit to service. Read label before use.

SAFETY: If ingested, do NOT induce vomiting. Drink water and seek IMMEDIATE medical help. For skin/eye contact, flush with clean water for 15 minutes. If irritation persists, seek IMMEDIATE medical help. Read SDS before use.

CAUTION: Contains and LP Gas. **KEEP OUT OF THE REACH OF CHILDREN.**

HMIS RATING: Health 1; Flammability 0; Reactivity 0; Personal Protection B.

PHYSICAL PROPERTIES

APPEARANCE	Thick Foam
COLOR	White
PROPELLANT	LP Gas
SPECIFIC GRAVITY	0.976
PACKAGING	6x20-oz (19oz net)/case
